RUMORS + FACTS

YETH LENHAK
HIS RAMP?

FRED SMITH / OCEAN CITY

ROMOR OR FACT?

The VB pro-AM is on June 9th. Everybody in V.B. is sponsored. There are two more ramps on the city's budget. Art + Steve Godoy are going pro there. June 9th is during school and no one can make it. There is a new ramp being built in Allentown and it won't have kinks. The Harrisburg ramp is back together after being moved and it's even better. Glen Charnowski has set the record for injuries. After three months of letting his knee heal, the board he is riding is too fast and he almost breaks his arm, so he lets that heal and four weeks later he tears his fingernail off. The old MFJ ramp is down and #3 is on the way. Kick-turn mag is still hibernating. There is a big blue fiberglass ramp in Reading PA waiting to be sessioned. The Ocean Bowl ramp had its high side lowered. Some cool guys got punk and thrashed a ramp at the trench. Phycotic Norman played with Suisidal Tendencies and ripped! The show was a rock concert! Everyone is sick of Lowell + Vision kid!

AFTER EVERY
SESSION THEY COVER
IT WITH PLASTIC.
